

Our Mission

Hoopskills Basketball Instruction is designed to improve the skills and knowledge of basketball for boys and girls age 7-15.

Our skill development and training sessions will focus on improving basic fundamental skills through fun and efficient drills. Our small group instruction will work on building confidence through resistance training, repetition and muscle memory techniques that will enhance the players strength and ability to perform like never before.

Our Guarantee

Hoopskills Basketball Instruction guarantees that each player who successfully completes our program will improve their basketball skills and enjoyment of the game. We also guarantee that your child, regardless of age or ability will benefit from our instruction and gain confidence that will help them in many settings and situations. We are so confident that every player will enjoy their experience that we will refund your money if you are not satisfied.

Hoopskills Basketball Instruction is directed by Joe Meade, a certified coach in the state of Connecticut. He is trained in First Aid and CPR.

Here is what some of Joe's colleague's are saying about him:

"When it comes to basic fundamentals in basketball, Coach Meade teaches skill development through repetition as well as anyone I have worked with in basketball. He really knows his stuff," Dr. Kevin McGinniss, Associate Professor, SCSU, Former Coach, Lehman College.

"Coach Meade has worked at my Summer basketball camps for many years. His passion for the game and for the kids really comes out in his coaching style. He enjoys teaching and coaching every minute he is in the gym." Tom Pecora, Assistant Coach, Quinnipiac University.

Co-Directors

Joe Meade

Coach Meade spent 10 years as the Northeast Regional Scout for the NBA's Utah JAZZ. Joe brings over 40 years of playing and coaching experience into his programs. He has coached at every level and has developed programs that have helped players of all ages and abilities reach their full potential. His hands on approach focuses on using measurable skills that work with beginners, high school and college players and even the pros.

Chris Watts

As a player, Chris Watts was a High School All American at St. Joe's and played his college ball at Providence College. Coach Watts won a State Championship at Notre Dame HS in 2018 and was named USA Today, Coach of the Year. He is currently the Head Men's Coach at Mercy College in Dobbs Ferry. Watts brings his winning attitude and passion for teaching to kids of all ages.
